

Number	Entry	Category	Registration Requirements
221-222	Woodworking	Display	Sign up on student registration form. Submit project info online. Dates on website.

PACKING

All contestants are responsible for the packaging, transporting and proper handling of their competition entries. No entry may exceed 40 pounds in weight or exceed more than two or three feet in its longest dimension (depending on the category entered.)

DELIVERY

All items must be brought to EXCEL Convention at registration and removed from the premises Friday night after award ceremony.

DISPLAY

Entries must have a typed or neatly printed display card or label securely attached and clearly visible in the following format:

<p>Student Name City, State Division (Junior/Senior) Category (i.e. Oil Painting)</p>

Woodworking entries are in two categories: Woodworking, Power Tools and Woodworking, Hand Tools. Entries in this category must be made ENTIRELY OF WOOD, except for screws and hinges.

Contestants may use power tools and hand tools for the Woodworking, Power Tools category. Contestant may use **only** hand tools to shape and finish the entry if entered in the Woodworking, Hand Tools category.

Wood items may not exceed three feet in any direction. Craft items such as miniature toys, models, or picture frames are not acceptable.
